Dear Mr. COLEMAN:

You are a valued customer. We are pleased to enclose your updated Automobile Insurance Cards. Please replace your previous cards with these new cards. We have enclosed two cards for each insured vehicle. Please keep one copy of the insurance card in each motor vehicle covered by your policy. You have purchased a personal lines motor vehicle policy and the insured motor vehicles have been reported electronically to the Department of Vehicle Regulation as insured personal motor vehicles. If your VIN does not appear in the Department of Vehicle Regulation's database, you may be required to present a copy of this insurance card to the county clerk. Please compare the VIN appearing on your registration and the VIN listed on your insurance card to the VIN affixed to the vehicle. If the VIN on the motor vehicle registration and the VIN on the motor vehicle do not match, you must contact the county clerk to have the registration corrected. If the VIN on the enclosed cards and the VIN on the motor vehicle do not match, you must contact our Customer Service Department at 1-800-SAFE-AUTO (1-800-723-3288) to have the insurance policy and insurance cards corrected. Please drive carefully and thank you for the opportunity to serve you.
